

ACCESS 1 CONTROLS & SECURITY SYSTEMS LLC

Innovative security, safety &
asset protection solutions

Access 1 Group

Servicing customers for over 25 years, The Access 1 Group has a proud history of delivering high quality products and solutions to meet our client's needs. With our regional operation based out of Dubai, Access 1 Controls and Security Systems (A1C) offers a full range of security, surveillance and asset protection products for distribution throughout the Middle East.

(we operate in partnership with our parent brand in Australia 'Access 1 Company')

➤ As part of our supply and installation services for Extra

Low Voltage (ELV) products, A1C works hard to ensure our products are fully integrated with all systems across our client's site(s). To ensure we offer our customer a complete solution we also offer a comprehensive range of high quality safety and asset protection products.

Our products are available via our own range (of Australian origin) or via exclusive distributorship with our global partners. In many cases we also fabricate locally (both steel and rubber) to ensure that, where required, we can deliver products in a timely manner.

Since commencing business we are proud of our exponential growth, with turnover now in excess of AED10 million annually.

The team at Access 1 is always reliable in helping us meet our deadlines. We have never had a problem with the quality of products or service they provide.

Customer testimonial

The A1C Difference

At Access 1 our dedication and experience ensures we offer our customers several key attributes including:

- » The ability to provide expert advice, information and installation services where ultimately a complete 'one stop shop' is delivered.
- » Unsurpassed levels of service and reliability (pre and post-sale).
- » A sound reputation as a market leader, driven by our global network and ongoing investment in R&D.

Our Team

Our dedicated team of tertiary qualified Business Professionals, Engineers, Technicians, and Project Managers has over 20 years experience throughout the region in the construction, facilities maintenance and asset management fields. Moreover, day-to-day our leadership team works hard to ensure our various business units delivers exceptional outcomes to our customers.

Ownership

Access 1 Controls and Security Systems LLC is proudly owned by both local and international Directors. With the partnerships in place to secure the business's future as an established LLC company in the UAE—and broader Middle East region—the team at A1C is guided by a highly motivated and competent leadership group.

Our Products

A1C manufactures locally, together with leveraging the resources of the broader Group (in Australia). We manufacture in steel, rubber and/or plastic and offer a comprehensive range of products and services including:
